NEW OR USED TRUCKS & SUV'S

# 100% TAX DEDUCTIBLE THIS YEAR!

## TAX ALERT! DID YOU KNOW...

- Most fullsize trucks are 100% tax deductible this year, if purchased for business use by Dec. 31, 08\*. (new or used vehicles)
- Many Sport Utility Vehicles (new or used) qualify for a tax deduction of \$25,000 + 20% depreciation on the balance.\*
- You can even finance your purchase and still take the full deduction this year\*.
- The tax deduction may be spread over your income plus your spouse's income, filing a joint return. (see GreenTeamCars.com)

\* Federal & State restrictions apply. GVWR must be 6,000 lbs. Check with your accountant or tax attorney before buying.

### Here's The Math

Manufacturer's MSRP \$30,420, Sale Price \$19,999 (net an \$5,442 discount & \$5,000 in factory incentives). \$13,601 Final Cost is net \$6,398 in income tax savings based on 100% deduction and 32% tax bracket (state + Fed).

Tax savings will vary with tax bracket, percentage of business use and type of vehicle. Tax savings based on 100% vehicle use for business. Additional and substantial FICA savings may also apply.

\*The sale price excludes sales tax (which is also tax deductible), title and doc. fee. Tax savings are for demonstration purposes only. Restrictions apply.

### New 2008 RAM 1500 QUADCAB SXT 4x4

With rebates and discounts extremely high, low interest rates, plus this year's IRS Accelerated Tax Deductions... the opportunity to minimize tax liability and maximize savings on the purchase of a vehicle used at least 50% for business use is remarkable.

If you're an employee who is required to use your vehicle for business, are self-employed (full or part-time), farm, own a business or "S" corporation... you need to know about IRS Section 179. Check out [GreenTeamCars.com](http://GreenTeamCars.com) to learn more.

Remember, we're not tax experts, so check with your accountant or tax advisor before buying.

\*The 2007 Durango's tax savings are based on same criteria as the truck above.
